

ABB's Tender Offer for Baldor Common Stock is Scheduled to Expire at 5:00 p.m. New York City Time on January 25, 2011

As previously announced on January 20, 2011, ABB's proposed acquisition of Baldor received clearance from the Antitrust Division of the United States Department of Justice (DOJ). ABB's cash tender offer for all of the outstanding shares of common stock of Baldor, at a price of \$63.50 per share net to the holder in cash, without interest and less any required withholding taxes, is being made in accordance with the terms and conditions of the merger agreement entered into between ABB and Baldor as of November 29, 2010.

The closing of the tender offer remains subject to other customary terms and conditions, including the condition that there shall have been validly tendered and not validly withdrawn a number of shares that represents more than 66-2/3% of the sum of the number of Baldor shares issued and outstanding on the expiration date of the offer and the number of Baldor shares issuable under stock options, stock units and other derivative securities then exercisable. Subject to the satisfaction of these other conditions, ABB expects to close the acquisition of Baldor soon after the expiration of the tender offer.
