Power Quality with ABB products, systems and services

Invitation to ABB at CIRED 2005
We cordially invite you to visit ABB stand where we will explain and demonstrate our latest technology and services to ensure power quality. ABB technical experts will be pleased to share information about products, systems and services that you may need to improve the reliability of your distribution systems.

ABB highlights include:
- High Speed Transfer System
- ABB Network Manager
- Surge Arresters

CIRED 2005
Turin, 6-9 June
Lingotto Exhibition Centre
