

ABB to build longest high-voltage subsea AC cable

Powering the offshore facilities from land with a **162 km** long high-voltage **submarine power cable**

About the same distance from Amsterdam to Brussels

The cable will lie at a depth of **370 m** below sea level

The Eiffel Tower is **320 m** tall

The **145 kV** high-voltage cable will be capable of supplying up to **55 MW** of power
